Parent News 2

We have spent lots of time this year working towards the Investors in Pupils award.

There are 5 areas we are working on to hopefully win this award.

The five areas are:

Attendance

Behaviour

Learning

Classroom Management

Induction

Attendance: Skog, our alien, is given out in Friday's celebration assembly each week. He visits the class with best attendance. We want the children to attend school as much as possible so that they can learn as much as possible!

Behaviour: Our children learn that they are responsible for their own behaviour in lessons and around school. We all work together to be kind and well behaved. We want our children to be well behaved because it makes our school a nicer place to be.

Learning: Each child has targets that they are working on. They decide these targets with their teachers. Our children play a big part in planning the things they want to learn. We want our children to be involved in planning their activities because it will improve their motivation and help them learn more.

Royal Wedding Dinner

Wed 13th April is our Royal wedding dinner day.

Meals cost £1.60

Attendance champions for the last two weeks were:

Classroom Management: the children are involved in making decisions about their classroom. They are responsible for tasks in their room. Some children are pencil monitors, book monitors, or line monitors. We want the children to know that they must be responsible and that when we all work together our classrooms are better places to be.

Induction: This area is about welcoming new children and adults to our school. Each class has written an induction booklet for any new child starting with us. We want new children to know that Glapton is a welcoming place where they are safe and cared for.

Please talk to your child about their targets and attendance.

If we win this award we will be the first school in Nottingham to get it!
