

My family

My brother likes to play on his ex box 360 everyday. Sometimes my brother lets me play on his ex box. I love my brother because He lets me play with his toys because He is nise! Also I have a fluffy cheeky cat called George. At home my cat runs at me when I come home from school. And it makes me smile. I live my mum and brother and my cat I like my mum and dad because the take us to cool berger king .
